

# AUDA StreetScape Update

August 10, 2011

## CONSTRUCTION PROJECT UPDATE

From August 10th–August 17th, please anticipate construction work to continue between Elder’s Station & Pine Street on Lincoln Way. Construction crews will continue working on the installation of the vaults in front of 1132 and 1112 Lincoln Way and will begin pouring the concrete on Thursday and Friday. Please anticipate trenching to continue in the existing sidewalks to facilitate the switchover from overhead to underground power.

Beginning next week, sidewalk and other concrete demolition will begin on the South Side of Lincoln Way starting at Meritage Motors and moving towards the State Theatre. PG&E is scheduled to set the new poles on Pine Street on August 11th. There remains blocked out areas of the sidewalk where the PG&E poles still have to be removed along Lincoln Way.

Hansen Brothers will continue to have traffic control between Elder’s Bus Station and Pine Street with one traffic lane open in each direction on Lincoln Way to facilitate the trenching work. The lanes of traffic will shift according to the construction work.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next five months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder’s, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
